# Alumier<sup>MD</sup>

## Alumier MD Treatments

Alumier Peels represent the next generation of clinical exfoliation, each formulated with a unique complex of ingredients. These advanced chemical peels work to thicken the epidermis, boost dermal volume, and stimulate collagen production. Your Alumier specialist will customize a treatment programme tailored to your specific skin concerns—whether aging, pigmentation, acne, or rosacea. Exceptional results and optimal skin health are achieved using our medical-grade key ingredients.

Each peel also includes a post-treatment kit designed to enhance and maintain your outstanding results.

## Consultation & Alumier peel £90

Looking for guidance on skin peels? Let our experienced therapist assess your skin and customize the perfect peel treatment just for you, we will help you achieve glowing healthy skin treating many conditions

## Alumier advanced peel

£110

Building on our Alumier peel this advanced treatment incorporates the layering of an enhancement mask or retexturing treatment following by a customized peel. This is a powerful two step protocol that boosts skins resilience & stimulates collagen production for enhanced skin health.

## Alumier advanced plus

£125

This intensive collection of treatments is hyper customized to your skin. We incorporate a multi layering system including a pre treat option, peel then finishing with a skin booster. The result skin that is retextured, redefined and revitalized.

## Eye rescue treatment add

£20

Consultation and Peel are your initial entry point to start this journey, unless Alumier homecare products have been used for several weeks prior to treatment.

## Advanced Cosmetic Procedures

### Cryopen

Cryotherapy Treatment £60 +£5 per additional  
Cryotherapy is a highly effective & safe procedure that is used to freeze & destroy benign skin lesions.

It uses liquefied nitrous oxide to destroy the tissue by freezing the cell fluid which in turn destroys the cell & lesion. Ideal to treat: warts, pigmented spots, cherry angiomas, moles, sun spots, seborrheic keratoses, skin tags, verrucas & more.
